

ST PAUL'S COLLEGE

The Vincentian community released a statement earlier today relating to historic allegations of abuse they have received from former pupils of their schools, including St. Paul's College.

The College wishes to offer whatever support we can to any past pupil who was harmed during their time in the school.

We would encourage them to contact us, An Garda Síochána or the Vincentian Provincial Office.

Our current safeguarding policies can be accessed on our website.

Barry Magee, Chairperson, Board of Management St. Paul's College.

Sean Moran, Principal St. Paul's College.
